

IPWEA NSW 2017 Annual State Conference

Wednesday 8th November – Friday 10th November 2017 at Crowne Plaza Hunter Valley

Awards Nomination Form

Category 3: Innovation in Water Supply and Wastewater

An initiative of and sponsored by the Water Directorate

Please return this form along with your full submission to:

Carina Jakobsen, IPWEA NSW Level 12, 447 Kent Street, Sydney NSW 2000 or carina.jakobsen@ipwea.org

NOMINATIONS DUE: 8th May 2017 FINAL SUBMISSIONS DUE: 5th June 2017

The IPWEA NSW Division presents the Engineering Excellence Awards at our State Conference to promote and recognise excellence of Local Government and Public Works Projects. We are now calling for nominations in the above category by 8th May 2017.

NSW Water Directorate members are invited to nominate projects in Category 3: Innovation in Water Supply & Wastewater. Nominations are judged on their merits and are not constrained by project size or council/organisation size. The Award winners will be announced at the IPWEA NSW Engineering Excellence Gala Awards Dinner on Thursday 9th November to be held at Crowne Plaza Hunter Valley as part of the IPWEA NSW 2017 State Conference.

Eligibility

Only member Councils of the NSW Water Directorate are eligible to apply and the nominations must be endorsed by the Council General Manager. The subject matter of nominations may include planning, design, project management, and process development/research, development of techniques or related innovations/achievements. A nomination may relate to a single engineering project or be part of a larger project or coordinated projects. The Project Manager/Coordinator must attend the 2016 IPWEA NSW Engineering Excellence Awards Dinner to receive the potential award on the night.

Category 3: Innovation in Water Supply & Wastewater

The Innovation in Water Supply and Wastewater Award seeks to recognise innovations in water supply and wastewater. Nominations must reflect an efficiency and demonstrate a cost saving. Nominations must be made for water and waste water projects involving operations, maintenance, capital works, management, design and/or construction.
