

Build your unique corporate journey with WaterAid

WaterAid/Jerry Galea

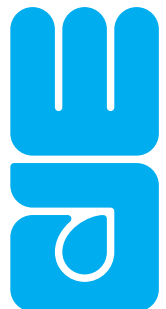

"If you believe in equality; if you believe we need to improve in diversity and inclusion; if you think that everyone, everywhere should have fresh water and sanitation, then it's a no-brainer that you'll get behind WaterAid."

Kevin Young
Managing Director
Sydney Water

At WaterAid we are proud of our story. We would like to hear yours!

We were started by the water sector because no charity like us existed. We'll end when no charity like us is needed.

Together we can have impact economically and socially. Let's collaborate and take a productive journey together.

WaterAid

Become a WaterAid member

“Being a member of Wateraid provides an opportunity to contribute to the health and wellbeing of current and future generations on a broader scale. It also serves to remind us not to take for granted the role our essential water and sanitation services play in achieving the best result for our community and planet.”

Pat McCafferty, Managing Director, Yarra Valley Water

Grow your network at a WaterAid Ball

Sponsor the event, book a table or provide an auction prize

- 24 May 2019 **VIC WaterAid Ball** - Melbourne
- 15 June 2019 **SA WaterAid Ball** - Adelaide
- 3 August 2019 **QLD WaterAid Ball** - Brisbane
- 26 October 2019 **NSW WaterAid Ball** - Sydney

or sponsor one of the events organised by the WaterAid Committees in NSW, QLD, SA, VIC and WA!

Winnovators - Solve, Learn and Fund

Winnovators, our flagship global employee development program, is a benefit offered exclusively to our members.

In 2018 **13 Australian teams competed against 35 teams from the US, UK and Canada.**

The goal was to **solve real-world challenges on water, sanitation and hygiene** faced by WaterAid in the field.

“One of the unexpected benefits of our involvement in Winnovators is that it showcased some of the additional untapped individual talent and skills that we have within our business. Participation in this program offered our team the opportunity to explore and undertake activities that are not part of their normal roles. It has been a thoroughly rewarding experience to be part of this great program.”

Dean Connell
Chief Executive Officer, Steel Mains

Prospectuses

Use your staff intellectual capital, expertise and business acumen to design new programs and solutions which will maximise the impact of WaterAid's work in Cambodia, India and Papua New Guinea.

Supporters' trip

WaterAid offers its loyal members the opportunity to experience firsthand our work in the field, connect with our staff and local partners and see with their eyes the impact of our work in communities around the world.

Walk for Water

To mark World Water Day on 22 March, WaterAid challenges you to walk 10,000 steps a day for a week with your colleagues, classmates or friends. Get a team together and raise money for people who walk too far for water.

Test the water

WaterAid is a cause people care about. How do you use WaterAid to highlight your values?

- **Workplace and payroll giving:** encourage and match staff donations to WaterAid
- **Bill insert:** in one of your billing rounds, ask your customers to support WaterAid with a donation
- **World Toilet Day:** in November, run activities to engage your stakeholders
- **World Hand Hygiene Day:** in May, highlight the significance of hand washing
- **World Water Day:** in March, use WaterAid statistics to emphasise impact and action

It's as easy as wiping your bum

Every time you buy "Who Gives a Crap" toilet paper for your home or business, some of the cost helps WaterAid's work overseas. **"Who Gives a Crap"** are the **only independent certified social enterprise toilet paper company in Australia** (au.whogivesacrap.org).

Good for business, good for people and good for WaterAid. Everyone wins!
